2. Ladies and gentlemen, the '6 _____ seat belt' sign has been turned on. If you haven't already done so, please put your 7 _____ underneath the seat in front of you, or in the 8 _____. Make sure your 9 _____ is folded away, and your seat is in an upright position. We suggest you keep your seat belts on for the duration of the flight just in case we experience any 10 _____. In the unlikely event of lost cabin pressure, a(n) 11 _____ will automatically appear in front of you. To start the flow, just pull it towards you. In the event of emergency, a(n) 12 _____ is located under your seat.
