Teacher's feedbacks

**Task 1: Look and write**

**Task 2: Read the descriptions of five people talking about their jobs. Then choose the correct answer (A–F) for each person. There is one extra letter you do not need to use.**

**1 +**

I love my job because I work with animals every day. I take care of them, feed them, and make sure they are healthy. It's wonderful to see them grow strong and happy. Sometimes, it's dirty work, especially when it rains or when an animal is sick. But I love being outside and close to nature.

**2 +**

My job is very exciting but also stressful. I meet many famous people and help them with their problems. It's not easy because I have to listen carefully and keep secrets. Sometimes, they are rude or nervous, but I try to stay calm and help them feel better.

**3 +**

I work in a big city and help people stay healthy. I usually start early in the morning and finish late at night. My job can be very tiring, but it's nice when people thank me for helping them. I always have to focus because one small mistake can be dangerous.

**4 +**

I travel to many different countries for work. It sounds fun, but it's not always easy. I spend a lot of time on airplanes and in hotels. Sometimes I miss my family, but I love meeting new people and seeing new places. I usually get two days off a week to rest.

**5 +**

I enjoy being creative every day. I work at home, making videos and taking photos. Many people follow my work online. It's fun, but sometimes I feel lonely because I don't see people face to face. Also, it's hard when people online say mean things.

**Which person...**

- A. works with famous people?
- B. helps people when they are ill?
- C. travels to many places for work?
- D. takes care of animals?
- E. has to focus carefully all the time?
