

THE BOAT RACE MYSTERY

Sam was accused of stealing money from the boathouse.

The fire destroyed all the boats in the boathouse.

Jason called 999 to report the fire.

A Canadian rower got hurt in the December Race because of a sabotaged seat.

Jason missed the race because he had a guitar lesson.

Max wanted a place in the Oxford squad.

Four rowers became ill, and the police believed it was another act of sabotage.

The camera that Jason built to spy on the boathouse could record for 24 hours.

Max admitted he started the fire and stole the money.

Sam and Jason put the recorder behind the yellow boat.

Cambridge won the Boat Race.
