

The Baishui Terraces are nature's most remarkable creations. These are also known as the White Water Terraces. The local people call them the Paddy Fields created by the Fairies. These are located in China.

The Dead Sea is a salt lake located between Israel and Jordan. It is the lowest body of water on the Earth. It averages about 400 m below the sea level. It is 80 km long and up to 18 km wide. Its northern half belongs to Jordan, while its southern half is divided between Jordan and Israel.

The Stone Forest or Shilin is a notable set of limestone formations in China. The tall rocks have raised from the ground due to the dripping of mineralised solutions. These rocks look like fossilised or petrified trees thereby creating the illusion of a forest made of stone.
