THERE ARE TECHNOLOGIES!

THERE IS / THERE ARE = « IL Y A »

1. « IL Y A » au présent, passé, futur ?

A hundred years ago there ……..
(be) few cars .Today there …….…… (be)1 billion cars. In 2050 there ……..
…….. (be) 4 billion cars !
If there …….. (be) too many cars, there ……..…… (be)pollution.
If we all have a car, there ……..……
(be) huge traffic jams like in Beijing last year.

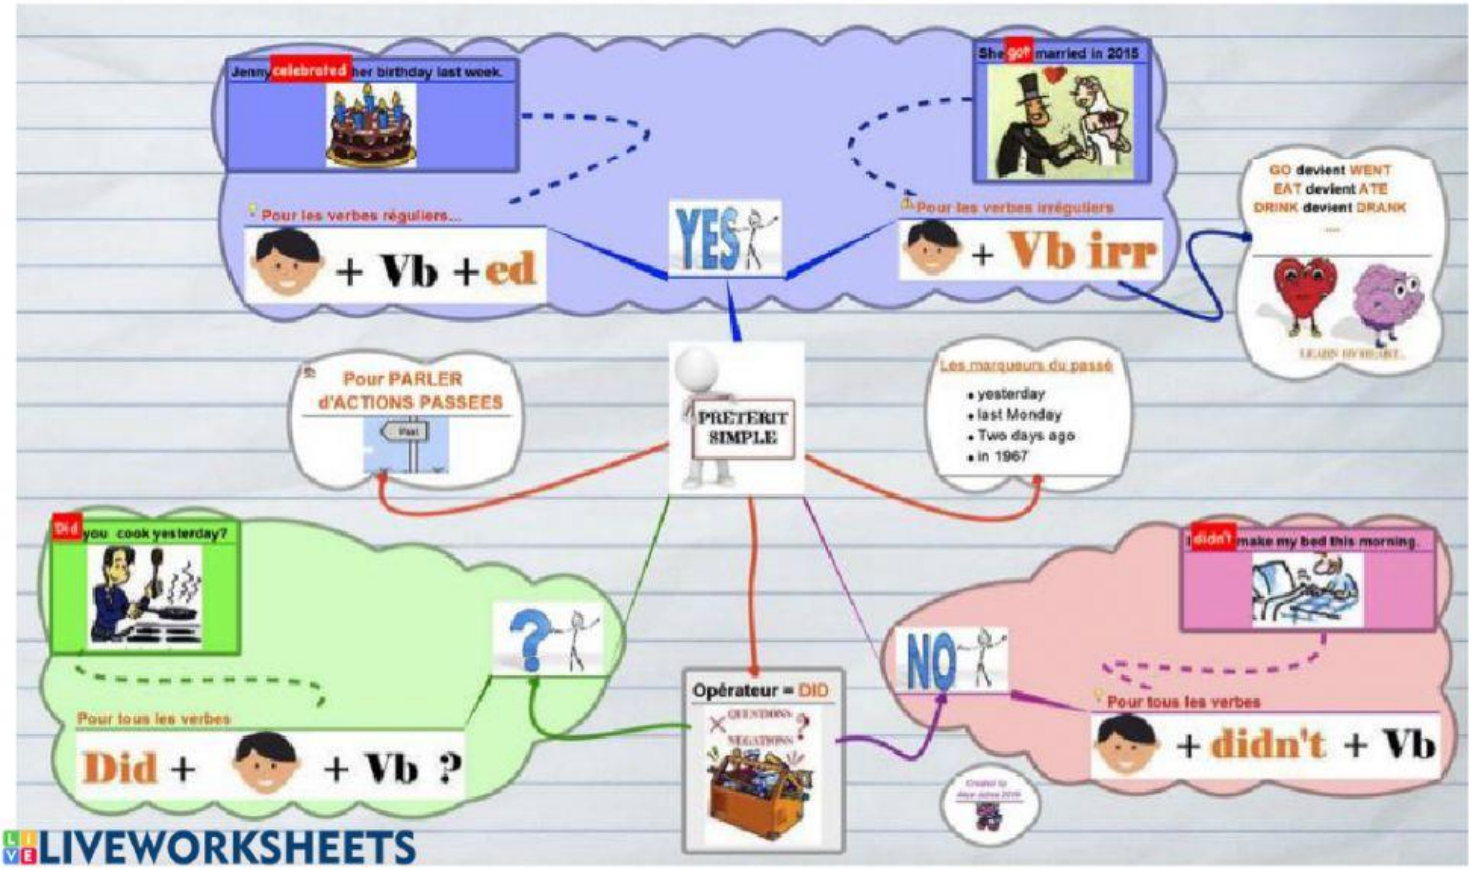

To Be

	past	present	future
I	was	am	will be
you	were	are	will be
she	was	is	will be
we	were	are	will be
you (guys)	were	are	will be
they	were	are	will be

2. Mettre au passé :

In Beijing last year, the super great traffic jam ……..……...(be) 100 kms long.
The cars ……..……(be) stopped for many days. Chinese people's cars …….. (not/ move) for 12 days !
To stop the problem, scientists ……..…… (think) of new cars !
They…….…… (invent) smaller cars. They ……..…… (make) them very thin too.

At UCLA in Los Angeles, they ……..…… (start) the first robot cars years ago!
Why ……..……(they/make) robot cars ? To gain space in cities and to have less accidents.
