Hey Mom and Dad,

Classes are going well so far. I have economics, biology, and philosophy three times a week. But my music history class only meets on Wednesdays. It starts at 4 p.m. and ends at half past 6! It's long, but it's my favorite. It's always interesting. The professor, Dr. Woo, often plays music for us on his computer. Then we discuss it. After class, I usually have dinner together with a few of my classmates.

I have to go and meet my study group now. I'm often late, and they don't like that. I miss you!

Love,
Janine
