3.- Read the texts.

Rosie, 41 years old.

The most important thing to stay healthy is to eat well. It is important to eat a balanced diet that includes fruit and vegetables. I eat a salad everyday for lunch and then, I eat some fruit. I like bananas and strawberries but I don't like oranges or apples. For dinner I have fish or meat. My favorite meat is chicken.

Robert, 27 years old.

I think it is important to be as active as possible. I get up at six o'clock every day and I go for a walk in a park. At half past eleven I ride my bike. When it is raining I go to the gym. On Saturday, I swim with my brother and on Sundays I run with my friends. I like playing basketball but I don't like playing football.

-Write T (true) or F F(alse).
