ORAL COMPREHENSION

1 Listen to a podcast about the fastest train in the world, the Maglev. Answer to the following question. (1 points)

What is the maximum speed the Maglev reaches?

- a. 150 kilometres an hour
- b. 500 kilometres an hour
- c. Over 600 kilometres an hour

2 Listen again. Then tick (✓) the sentences true (T) or false (F). (5 points)

1. The people on the Maglev were excited.
2. The Maglev isn't expected to run until 2027.
3. The people on the train couldn't check the speed themselves.
4. Most of the track is under the ground.
5. The train reached its destination after 20 minutes.
