II

Read the following passage. Decide if the statements from 1 to 4 are True (T) or False (F), and choose the correct answers (A, B, C, or D) for questions 5 and 6.

Everyone in my school is trying to make our school "green". We clean our classroom on Fridays. Our teacher says we should pick up trash around the school yards and classrooms and put them into three different trash cans. The yellow can is for things to recycle like plastic bags or papers. The blue can is for food waste. The red can is for electric trash like old batteries. The people from the library collect and arrange old books or notebooks from all the classes to donate to charitable organizations. The biology and chemistry teachers instruct students and the other teachers to plant and grow trees and colorful flowers around the school. I really love the real fresh air in my school now.

- Students bring green trash cans inside school to make the school "green." _____
- The school donates old books to charity. _____
- The planting teachers are teaching biology and chemistry. _____
- They plant flowers and trees around the school. _____
- Which trash cans should they put a banana peel into?
A. The red cans B. The yellow cans C. The blue cans D. The green cans
- The 'real fresh air' in their school might not come from _____.
A. The planted trees B. The colorful flowers
