

My house

My house has spaces like as the **living room** to meet everyone to talk, play or spend an afternoon together. The **dining room** is the place to take our food, the **bedrooms** to rest, in the **kitchen** to store and to cook food, and finally the **bathroom**, which is the most private place in my house. Some houses have other spaces such as **clothing yard**, **hallway**, **staircase**, the **balcony** or maybe **terrace**.
