Reading Passage: The Benefits of Learning a Second Language

Many studies have shown that learning a second language improves cognitive abilities such as memory, attention, and problem-solving skills. Students who study a foreign language often perform better on standardized tests and show increased creativity. In addition, bilingual individuals tend to have more employment opportunities in an increasingly globalized world.

However, learning a new language can be challenging. It requires regular practice, exposure, and patience. Despite these difficulties, the long-term benefits make language learning a valuable skill worth investing in.

Questions:

9. According to the passage, learning a second language can improve a student's _____.
   A) musical ability
   B) cognitive skills
   C) physical strength
   D) artistic talent

10. What is one benefit mentioned for bilingual individuals?
   A) They travel more.
   B) They have fewer responsibilities.

(In a real exam you would hear the audio. Here you read it.)

🎧 Listening Script

Conversation Between Two Students

Alex: Hey Sara, did you finish the science project yet?
Sara: Not yet. I'm still collecting information. I'm thinking about focusing on renewable energy.
Alex: That sounds interesting. I already finished mine. I chose ocean pollution because I found a lot of useful articles.
Sara: Nice! I didn't realize the deadline was so soon. When do we have to submit it?
Alex: It's due next Wednesday, but the teacher said we can submit it earlier if we want feedback.
Sara: Oh good. I'll try to finish mine by Monday so I can get some comments from her.
Alex: Great idea. Do you want to work together in the library later?
Sara: Sure, let's meet at 4 p.m.
