

WRITE AN ESSAY BETWEEN 220-260 WORDS

Your class has watched a television documentary on different groups that have responsibility for reducing plastic waste. You have made the notes below:

Who is most responsible for reducing plastic waste? 

- governments
- businesses
- consumers

Some opinions expressed in the documentary: 

"The laws regarding plastics aren't strict enough."
"Businesses use plastic packaging because it's cheap."
"People just have to stop buying plastic things."

Write an essay for your tutor discussing **two** of the groups in your notes. You should **explain which group you think is most responsible for reducing plastic waste, justifying** your answer. 

You may, if you wish, make use of the opinions in the documentary, but you should use your own words as far as possible.
