Once Nelson Mandela stated, "Education is the most powerful weapon which you can use to change the world". Every bit of the quote made sense then and making sense today. Without education, the world will jump into the battlefield holding the 'eye for an eye' perception. Education is the key to success and a better tomorrow. It will be an understatement if one says that with education, one can only make a living. Education helps a person in developing the basic skills as well as the subject area enlightenment. Education brings confidence and humility in a person's behavior. Education eliminates poverty and brings prosperity in the surroundings. There is a huge importance of education in life and one cannot simply overlook the scopes that education creates to provide success for the long run.
