Unit 5 – Lesson 7

I think my school ..... be better for people with disabilities.

We ..... more ramps for students in wheelchairs to get around without help. We also need some playground equipment that .... easy for people with disabilities to use. In addition, there could be ..... desks for people in wheelchairs. The other day, I was ..... pair work with Malik, who is in a wheelchair. I ..... it was hard for him to push his wheelchair all the way up to the desk. "That's not fair!" I thought. "How ..... I feel if I ..... in a wheelchair?" I think the school ..... provide a better desk for Malik and other students with disabilities.

Unit 5 – Lesson 7

I told my parents, and they ..... "You should do something about it!" So that's what I decided ..... do. I ..... to make a plan and realized I ..... do it by myself, so I got a group of students, including Malik, to help me. We're ..... a list of all the improvements the school can make. Malik says I'm a good ..... because I'm listening to everyone's ideas.

Next, we're going to research how ..... everything costs. Then we're going to .... our teacher to write a proposal. We may have to go to a school meeting and ..... our ideas in the future. I'm pretty shy, so I ..... ask Ava to speak for our group. She's really ..... at that kind of thing.
