VACATION IN LOMBOK

Last month, my family and I spent our school holiday in Lombok. It was my first time there, and we were excited. We stayed for four days and visited Kuta Beach and the Gili Islands.

At Kuta Beach, the view was beautiful with white sand and blue water. My father tried surfing, and we drank fresh coconut water after. The local people were friendly and told us about the festival usually held there. The next day, we went to the Gili Islands. There were many tourists, including foreign visitors. The sea was clear, and we could see fish and coral reefs from the boat. In the evening, we watched the sunset, and the sky turned orange.

Our holiday was short but unforgettable. I felt really happy because I could spend time with my family and see many beautiful places. The trip also made me realize how amazing Indonesia's nature is. I hope I can visit Lombok again someday and explore even more beaches and islands.
