# What a Disaster!

1) Read the newspaper headline in the table below.
2) Use the drop-down arrow to decide if each disaster sounds like a natural one (N) or a man-made one (MM).
3) Use the drop-down arrow again to identify the disaster each headline is associated with.

| | Natural (N) or Man-Made (MM) | Disaster |
|---|---|---|
| 1. Hillside residents take cover as ground trembles | | |
| 2. Dozens collapse as hot air hovers over city | | |
| 3. Sea life threatened as toxic substances leak out into the Gulf of Mexico | | |
| 4. Wheat prices rise as farmlands continue to dry up | | |
| 5. Evacuations in effect as blaze spreads across Red River Valley | | |
| 6. Massive explosion set off in financial district | | |
| 7. East coast prepares for worst as winds and rain pick up | | |
| 8. Residents forced to evacuate as high waves hit east coast | | |
| 9. Icy conditions shut down roads and close schools across the city | | |
| 10. Torrential rains show no sign of letting up | | |
