

 **The Three R's Song** 

In a world that's wide and wondrous,
With 1.....and seas so blue,
We hold a simple 2.....—
A task for me and you.

3.....the waste we're making,
Use only what we need;
A lighter step upon the Earth
Helps every 4.....and seed.

Reuse the things 5..... us,
Be clever, kind, and smart;
A bottle, box, or 6..... jar
Can have a brand-new start.

7..... what is left behind,
Give old things life once more;
From 8..... scraps to metal cans—
New treasures to explore.

Together, these three little R's
Can 9..... what lies ahead;
A cleaner, greener, brighter 10.....
For every child to tread.

So let's 11....., reuse, recycle,
In all we do each day—
A simple act, a hopeful heart,
To guide our 12.....'s way.
