Morning Routine and School Life

Every weekday, Daniel wakes up at 6:30 a.m. and starts his morning routine. He brushes his teeth, gets dressed, and eats a quick breakfast before leaving home. He usually has a bowl of cereal or toast with fruit. After breakfast, he walks to school, which is only ten minutes away.

Classes start at 7:30 a.m., and Daniel's favorite subjects are English and Science. During breaks, he talks with his friends or finishes homework he didn't complete the night before. At lunchtime, he eats a small meal he brings from home, usually rice, chicken, or pasta. After school, Daniel goes back home, rests for a while, and then studies for his next day of classes. His routine helps him stay organized and focused.
