##### Safe travels

Hello, everyone! I'm Kris. Welcome to my city! This is a special place with lots of things to do. You will find many ways to travel around the city, too.

During the day, you can go to the river and see beautiful birds. Most people take water taxis on the river. Water taxis are slow, but fun. At night, you can get into a tuk-tuk and go to the old part of the city. At the beach, you will find colourful restaurants and spicy food.

Some people like riding motorcycle taxis, but I think trams are safer. The city has got three tram lines, and it will soon have one more. In the future, there will be self-driving water taxis and electric tuk-tuks!
