## 2 That's Entertainment!

**Writing:** an email reviewing a film

**1** Listen to and read the email. What happens to Forky?

Hi, Lucy!
How are you? I'm writing to tell you about an animated film I saw last night. It was *Toy Story 4*, the fourth in the Toy Story series, and it came out just a week ago! It was really funny and exciting!

*Toy Story 4* is about Sheriff Woody and his other toy friends in their new home. One day, the toys go on holiday, but one of them, Forky, gets lost. Sheriff Woody goes to look for him and that's when the adventure begins!

I loved everything about this film. The story was interesting and funny and the music was amazing. What I liked most was the animation. It was out of this world! Go and see it, I'm sure you'll love it!
What about you? Can you recommend any good films?
Julia
