Describing Clothes + Preferences & Comparatives

Asking about preferences

One and ones are used to avoid repeating a noun that was already mentioned. They help you speak more naturally without repeating words.

One = singular → I like the red shirt, but I prefer the blue **one.**

Ones = plural → which shoes do you like? The black **ones.**

Which dress do you prefer?

I prefer the blue one.

Which one do you like more?

I like the blue one more
