

Looking for a roommate

Hey! My name is Manami, and I am a NYU student looking to find an apartment to live in, preferably from October 1 to June 1. My budget is \$1600, and I would really like to live in East Village near campus, but if the location is good, I would reconsider. I'm a clean, fun, friendly person to have around, and I love being outdoors, being active, traveling, honestly, bring me anything and I'll give it a go. I try to live life positively and optimistically every day, and consider myself a great friend and roommate to live with! Reach out to me if you have a room available, and I'll answer right away!
