

What time is it baby? Is it that time again?
 When _____ will be falling,
 _____ will be calling
 You know it's time when,
 there'll be carolers singing _____
 I love when they sing, the feeling it brings
 It's warm as a _____, it is bright
 Soon there'll be _____ for good girls and boys
 And _____ are heading our way
 Yes, and Santa will come down the _____ above
 There's one thing I wanted to say

I wish every day could be like _____
 And if I could have one _____ come true
 I wish every day could be, full of _____
 I wish every day could be like _____, I do

I saw a child sit with old Mr. _____,
 Looked him in the eye and
 he asked old Santa what peace on earth was
 The old man grew cautious, how he would say
 That it's the greatest _____ that you could give,
 every day

I wish every day could be like _____
 And if I could have one _____ come true
 I wish every day could be,
 full of _____
 I wish every day could be like _____, I do

Now the _____ and the house of Lords
 All the world seems at ease tonight
 And all that I ask
 When these precious moments pass
 Is why can't every day be so bright

I wish every day could be like _____
 And if I could have one _____ come true
 I wish every day could be,
 full of _____
 I wish every day could be like _____, I do

Honest I do, yes I do now

Very _____ Christmas!
