My friend Leo sends me messages when it's morning for him. He lives in California now, so it's morning for him when it's early evening for me. This is his last message: 'Hello, Jason. Our teacher is ill and there isn't another teacher for us, so we're having fun in class. Some boys are watching a scary film on a tablet! Some girls are singing! One girl is studying – she's a good student.'

Leo is my best friend. He sends messages every day, and at weekends we have a video call. I live in London. Leo usually lives in London, but his parents are working in California for two years. My parents say I can go and stay with Leo in the summer, so I'm very excited about that!
