My teacher

This is Mr Harrison. He's my Maths teacher.
He works in a school in a big city. He's very **sbyu**
because he's got a lot of work. There are 28
children in my class. His lessons aren't **wols** or
grinbo, they're very **ecgitxin**. We like his lessons
because they're not **ftlcuidfi**. It's **yase** to learn
lots of new things with him. Mr Harrison is very
fclareu when he writes, but I'm not!
