Cities by the Sea

by Jack Henry

This week, we're looking at different cities. So, here are the experiences of two people living by the sea.

Zak

I live in Stockholm, the capital city of Sweden. It's a beautiful city that has many small islands in the Baltic Sea. You can take boats from one part of the city to another. In fact, some people compare it to Venice in Italy. I love living in a capital city that is also quite small. Only 1.7 million people live here. Like most people here, I use the subway to get around. There are also buses and some people drive, but not as many people drive as in other cities.

What I love the most about the city is that each area is different. Södermalm is the 'cool' part of the city and is full of great restaurants, cafes and art galleries. The old town of Stockholm has many beautiful wooden buildings and is popular with tourists. Stockholm is the perfect place for people who enjoy history and culture near the sea.

Anna

Lots of people think Vancouver is one of the best places in the world to live – and I agree! The city is on the Pacific Coast of Canada, near the North Shore Mountains. It is often called the 'Hollywood of the North' because they make many TV shows and movies here. The weather isn't great, and it often rains, which is the only thing I don't like about it.

The population of Vancouver is around 2.5 million. People are from many different cultures and backgrounds. In fact, my parents moved here from Shanghai. They live in Vancouver's Chinatown, which is one of the largest in the world. Vancouver only became a city in 1886, so it's not very old. People use the trains to get around or boats which take people from one part of the city to another. If you like fresh air and exercise, Vancouver is the perfect place. You can leave the office and be skiing on the mountains in half an hour!

- 1 What does Zak love about Stockholm?
A That the population of the city is small
B That there are many islands
C That it is easy to drive around

- 2 How does Zak travel around the city?
A Car
B Boat
C Train

- 3 What does Zak say the old town is popular for?
A Buildings of a particular type
B Restaurants and art galleries
C Having lots of people there

- 4 What does Anna think is the worst thing about Vancouver?
A The size of the city
B The weather in the city
C The age of the city

- 5 Which of the following is true?
A Anna's parents were born in Vancouver.
B Anna moved to Vancouver with her parents.
C Anna's parents moved to Vancouver.
