

10 More, 10 Less - Animal Adventure!

Help the animals find their way by adding or subtracting 10!

Write your answers in the boxes.

Part 1: 10 More! (Adding 10)

$25 + 10 =$

$43 + 10 =$

$68 + 10 =$

$81 + 10 =$

Part 2: 10 Less! (Subtracting 10)

$37 - 10 =$

$51 - 10 =$

$92 - 10 =$

$76 - 10 =$

Part 3: Mixed Practice

$18 + 10 =$

$72 + 10 =$

$60 - 10 =$

$85 - 10 =$

$9 + 10 =$

$21 - 10 =$

$54 + 10 =$

$30 - 10 =$

$1 + 10 =$

$15 - 10 =$

Part 4: Solve the Story!

1. A group of 32 kangaroos were hopping in the field. 10 more kangaroos joined them. How many kangaroos are there now?

2. There were 45 monkeys swinging in the trees. 10 monkeys left to find more bananas. How many monkeys are left?

3. A big elephant family has 63 members. 10 baby elephants were born! How many elephants are in the family now?

Part 5: Complete the Pattern!

Start at 10 and add 10 each time:

 

Start at 100 and subtract 10 each time:
