

Unit 6 – Lesson 2.2

N: Narrator **A: Sarita** **B: Joseph**

N: You will hear a conversation between Sarita and her friend Joseph about first-aid lessons.

A: My friend Anita lives in Norway and she …… me that she took first aid classes at school every week.

B: Really? Does everyone …….. them?

A: Yes, Anita ……. that all children in school learned about what to do if there is an accident or someone gets …….. Students start …….. lessons when they are ……. years old.

B: That's young!

A: Of course, when you're very young, you can't do much, but it's good to …….. what you can do. As the children get older, and move from elementary school to middle school, they …….. different things, like what to do if someone …… a bone or if you are the first person to see an …… and you need to help. But when you're six, you can still do some things—you can help someone who has …… their finger by putting a …… …… it, or you can learn how to call an ……..

Unit 6 – Lesson 2.2

B: I think it's great that children learn about these things in school. One day, it …….. be very useful for them or for someone else.

A: Yes, my friend said …… more people survive serious accidents and illnesses in Norway than in other countries. That's because more people …… what to do—so, usually people get help very quickly. That's …… when there's an accident.

B: That's great.

A: Anita said that she …….. more confident about helping people because of the first aid classes.

B: I'm sure she does.

A: I'd like …. learn about first aid. I don't always know what to do if there's an accident. And sometimes I'm …….—I don't want to do something wrong and make things worse!

B: I ……. I'd like to feel more confident like Anita.
