Listen and choose the correct answer

Narrator: Track 72. Exercise 3. Read these facts about chilies. Do you think they are true or false? Then listen and write T (true) or F (false).

Speaker: Hello! I'm going to talk to you about a food I really like. It's a (**chili/ mini**). I like the spicy ones and the not very spicy ones.

Did you know that the (**smaller/mall**) chilies are usually spicier than the big ones? It's true! And chilies aren't spicy for birds. They can eat the (**seeds/ weeds**) easily.

So, what do you do after you eat a very spicy chili? Some people say that you have to drink water, (**but/ hut**) it is better to drink milk or eat ice cream.

All fruit and vegetables have vitamins, but chilies have a (**lot/ hot**). One chili usually has more vitamin C (**than/ can**) six oranges.

We put a lot of chilies in our food at home. My aunt makes (**jam/ ham**) from chilies, too. It's delicious!

Now look at this photo. How many chilies are there? (**Millions/ thousand**)! This worker is in China. She's spreading out the chilies. First, they pick the chilies and then they leave them to dry in the sun. Do you think these chilies are spicy?
