The numbers in our lives

A

With over 200 goals for her football club last year, Daniella Hockney is a great player. We talk to her about the other numbers in her life. Daniella says ...

B

I come from a big family. I have one sister and three brothers. We all love sports, but our favourite is football. I was born on the 21st of May 1997. I'm married and I have a daughter. She's two years old now. She was born on the 2nd of November.

C

I was in a football team when I was seven years old. I was in the same team for about three years. We were okay, but we weren't amazing. After that, I was in my first women's team in Chicago, in the USA. We were very good. Now, I am in Germany and I play for a fantastic team. Last year, we were first in the league.

D

I get up at 6.45 a.m. every day and I go running for an hour. Then I go to the club and meet my teammates. We always have breakfast together. We chat and talk about our lives. This helps us learn more about each other and become a good team. We always train for four hours until lunchtime. After lunch, we study! It sounds strange, but our manager says it's important to understand more about football so we study for three hours.

E

I travel a lot with my team. Every month, I drive about 1000 kilometres and I take the train a lot, too. I spend about €200 on transport every month. Also, I fly to the USA to see my family – that's about 7,000 kilometres!

4 Read the text again. Are the statements True (T) or False (F)?

- 1 Daniella's daughter is three years old. ____
- 2 Daniella's first women's team was in Chicago. ____
- 3 Daniella's morning run is 45 minutes. ____
- 4 Daniella's team practises for four hours a day. ____
- 5 She spends €200 a month on travelling. ____
