

CORONAVIRUS

1. Read the following text about the Coronavirus.

Coronavirus is a newly discovered virus. It causes a *disease* called Covid-19. In some parts of the world, it has made lots of people sick.

Here are some things you can do to protect yourself, your family and your friends from getting sick:

1) wash your hands often using soap and water.

2) *Sneeze* into your elbows. If you sneeze into your elbows, you can prevent germs for going far into the air.

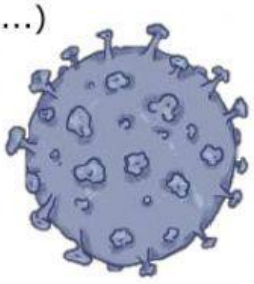

3) *Avoid* touching your face. Don't *pick your nose*. Don't touch your mouth. Don't *rub* your eyes. They are the places where the virus enter our bodies.

Remember that this kind of virus can affect anybody. It doesn't matter where you come from or what country you are from. Don't forget, there are a lot of *helpers* out there who are working to protect us from the virus. We can help them by *keeping* our *health* and staying at home to stop the virus *spread* to others.

Disease *= malatia* / ***Sneeze*** *= esternudar* / ***Avoid*** *= evitar* / ***Pick your nose*** *= posar-se el dit al nas.*
Rub*= fregar-se* / ***Helpers****= ajudants* / ***Keeping****= mantenint* / ***Health****= salut* /
Spread *= propagar/escampar*
