But the smoke in my eyes
Left me blurry, blurry and blind

I picked all the pieces up off the ground
I've burned all my fingers but that's gone now
Got the glue in my
And stickin' to the plan
Stickin' to the plan that says, I can...

Do anything at all
I can do anything at all

This is my kiss goodbye
You can stand alone and watch me
'Cause nothing's keeping me down
Gonna let it all out
Come on and say right now, right now, right now
This is my big "Hello"
'Cause I'm here and never letting go
I can finally see
It's not just a
When you set it all free, all free, all free

You set it all free

I was a girl caught under your
But my star's gonna shine brighter than your sun
And I will reach so high
Shoot so far
Gonna hit, gonna hit, hit every target

Make it count this
I will make it count this time
