

## Chinese New Year

By Mei

I live in China. I want to tell you about our biggest celebration. It is called **Chinese New Year**. It is usually in January or February. We have a very long holiday!

We do many special things. Families clean their houses to start the year fresh. We wear **red clothes** because red is a lucky color. Can you guess what we eat? We eat dumplings and fish for a big family dinner.

In the street, you can see **dragon dances**. The dragons are very big and colorful. Children get special red envelopes with money inside. It is very exciting! I love the fireworks at night. Chinese New Year is my favorite celebration.
