

The image shows a screenshot of the Microsoft Word Font ribbon. Four blue rectangular boxes with orange arrows point to specific features: the top-left box points to the font name 'Times New Rom', the top-right box points to the font size '2.5', the bottom-left box points to the Bold (B) button, and the bottom-right box points to the text color button (represented by an 'A' with a red underline). To the right of the ribbon, a list of labels in Vietnamese identifies these features: 'Phông chữ' (Font), 'Cỡ chữ' (Font size), 'Kiểu chữ' (Font style), 'Màu nền' (Background color), and 'Màu chữ' (Text color).
