

**Read the text. Then fill in the blanks with logical object pronouns. Follow the examples.**

Last week, we had our Christmas party at work, and we always buy gifts for our co.workers. I bought a Michaela Caruso CD. Her songs are on the radio all the times; I love them, they're so relaxing. Anyway, when I got to the party I saw that everybody had presents, and they put \_\_\_\_\_ (they) on the table. There were a lot of small boxes.

First, the President of the company gave a speech. We all paid attention to \_\_\_\_\_ (he). He spoke about the company and said Merry Christmas to \_\_\_\_\_ (we). Then, he took a present from the table, and he gave \_\_\_\_\_ (it) to his secretary. It was a CD. To my surprise, it was a Michaela Caruso CD. Then Samantha, secretary, said my name. She had a present for \_\_\_\_\_ (I), a CD from.... Michaela Caruso. There were twenty people and eight presents were Michaela Caruso CD's. She is selling a lot of records: this is going to be an excellent Christma for \_\_\_\_\_ (she).
