

Listenings unit 3

5th

1) Listen and complete: (CB page 49, track 108)

Africa	meat	cheetah	too	fastest	both
tail	better	stronger	noisier	more	afraid

The and the leopard both live in They both eat and they have spots. Did you know they are quite different,?

A cheetah is theanimal on land, but a leopard is at climbing trees than a cheetah. A leopard's is curlier than a cheetah's to help it climb – and a leopard is, too. That's why a leopard isdangerous than a cheetah. A cheetah is more of big animals, like lions or elephants. A leopard is than a cheetah, too. It makes a deeper sound.
