

# COMPUTERS

It's hard to believe \_\_\_\_\_ had computers a few years ago. I wonder how people lived. There must have been \_\_\_\_\_ paperwork. I can't imagine writing everything by hand. I \_\_\_\_\_ everything worked without computers. We need computers today for everything. Hospitals, airports, the police... nothing can work without computers. I'm \_\_\_\_\_ ten times busier than now if I didn't have a computer. Imagine find \_\_\_\_\_ paper and an envelope and then walking down the street \_\_\_\_\_ letter! I love my computer. It makes everything \_\_\_\_\_ convenient. Sure, it freezes and crashes sometimes. Sure \_\_\_\_\_ data. But that's not often. Most \_\_\_\_\_ my computer is like my best friend.
