

**Watch the video “Inside the Science Museum of London”  
and do the tasks**

**Task 1 Choose the correct answer A, B, C, or D:**

**1. What department does Anna work in at the Science Museum?**

- A. Learning department
- B. Technology department
- C. Genetics department
- D. Transport department

**2. How many floors are there in the Science Museum?**

- A. Three
- B. Four
- C. Five
- D. Six

**3. Which gallery in the museum features a timeline from 1870 to 2000?**

- A. Making Modern World Gallery
- B. Launchpad Gallery
- C. Flight Gallery
- D. Exploring Space Gallery

**4. What was the first car to be mass-produced in a production line?**

- A. Ford Model T
- B. Lockheed Electra
- C. Apollo 10 Capsule
- D. Vickers Vimy

**5. What is inside the Apollo 10 Capsule?**

- A. Burn and scorch marks
- B. DNA model
- C. Seven-toed cat
- D. Astronauts

**6. In which gallery can you find information about genetics?**

- A. “Who Am I?” Gallery
- B. Flight Gallery
- C. Exploring Space Gallery
- D. Making Modern World Gallery

**7. What is the purpose of the live science area?**

- A. Conducting live experiments with visitors
- B. Displaying strange objects
- C. Exploring brain activity
- D. Studying genetics

**8. Which gallery features actual planes that have flown?**

- A. Exploring Space Gallery
- B. Flight Gallery
- C. Making Modern World Gallery
- D. Who Am I? Gallery

**9. What was the name of the plane flown by Alcock and Brown?**

- A. Boeing 747
- B. Vickers Vimy
- C. Saturn V rocket
- D. Lunar Lander

**10. What was the first satellite to be sent up into Earth orbit?**

- A. Apollo 11 mission
- B. Lunar Lander
- C. Saturn V rocket
- D. Sputnik

**Task 2 Choose True or False**

- 1. The Science Museum is located in East London, South Kensington. **True / False**
- 2. The Science Museum has five floors for visitors to explore. **True / False**
- 3. The Making Modern World Gallery showcases a timeline from 1870 to 2000. **True / False**
- 4. The Ford Model T was the first car to be mass-produced in a production line. **True / False**
- 5. The Science Museum has no more than 300,000 objects in its care. **True / False**
- 6. The Apollo 10 Capsule has been to the moon and back. **True / False**
- 7. The "Who Am I?" gallery focuses on genetics and brain activity. **True / False**
- 8. The Flight Gallery displays actual planes that have flown. **True / False**
- 9. The Vickers Vimy was flown by Alcock and Brown across the Atlantic. **True / False**
- 10. The Exploring Space Gallery isn't popular with schools and younger audiences. **True / False**

**Task 3 Write the answers to the questions.**

1. What are the different topics covered in the Science Museum?
2. What is the importance of the Ford Model T in the Making Modern World Gallery?
3. Which famous plane can be seen above your heads in the gallery?
4. What is the Apollo 10 Capsule and its significance?
5. What can be observed on the underside of the Apollo 10 Capsule?
6. What is the "Who Am I?" gallery about?
7. What can visitors experience in the live science area of the museum?
8. What can be found in the Flight Gallery of the Science Museum?
9. What is the Vickers Vimy and its significance?
10. What can be seen in the Exploring Space Gallery of the museum?
