2. Read and answer the questions.

A Camping Trip

Hello everyone! My name is James. When I was a kid, I went on a camping trip with my family. It was so much fun! We packed up our car and fastened our seatbelts for the long drive to the campsite. When we arrived, we set up our tent and started a fire to grill some delicious hamburgers. They smelled so good!

The next day, we went canoeing on the lake. Before we got in the canoe, we all put on our life jackets to stay safe in case we fell in the water. We also put on sunscreen to protect our skin from the sun. It was a beautiful day, and we had so much fun exploring the lake and seeing all the fish swimming around us.

At night, we sat around the campfire and told stories while roasting some sweet potatoes. It was so cozy and warm by the fire. We also saw lots of stars in the sky, which was really cool.

It was so exciting to be out in nature, away from the busy city. I learned so much about the outdoors and how to be safe while camping. It was a great adventure that I will always remember!

LIVEWORKSHEETS

1. How did they get to the campsite?

2. What did they do after setting up their tent?

3. What activity did they do the next day on the lake?

4. What did they wear to stay safe while canoeing?

5. What did they do at night around the campfire?

6. What did James learn about being safe while camping?

4. Write about your last real or imaginary camping trip.

- What did you bring?
- How did you get there?
- What did you see while camping? (animals, places, people)
