### TASK 5

Read the text below. For questions 1-10 choose the correct answer A, B, C or D.

#### Have you seen 'Chernobyl'?

Have you ever watched a TV series that made you forget **1** \_\_\_\_\_ off the gas or even what time of day it is? 'Chernobyl', which dramatises the story of the massive explosion of a nuclear power plant in Ukraine, is a series just like that.

**2** \_\_\_\_\_ twenty-three minutes past one in the morning on 26<sup>th</sup> April, 1986 a safety test at a nuclear reactor in Soviet Ukraine went catastrophically wrong. Not only did the reactor stop **3** \_\_\_\_\_, it exploded. Harmful isotopes were taken **4** \_\_\_\_\_ the wind as far away as Ireland within a week. Adults still remember **5** \_\_\_\_\_ the terrible news quite a few days after the catastrophe happened.

These events, as well as the Soviet government's questionable reaction to the disaster, are what the HBO's historical drama series 'Chernobyl' tried **6** \_\_\_\_\_.

Following the final episode, which aired in America **7** \_\_\_\_\_ 3<sup>rd</sup> June, it became the highest-rated television series of all time.

The series was shot in Ukraine and in a partly decommissioned nuclear power plant in **8** \_\_\_\_\_ Lithuania. Most of the actors are portraying real people as 'Chernobyl' looks at the decisions and possible motives behind their actions. The creators wanted **9** \_\_\_\_\_ the story of life at the time as it was and they did it incredibly well. The series does a great job of telling the stories of simple bravery and heroism previously unknown to many people, so remember **10** \_\_\_\_\_ it tonight.
