A. ADRENALINE STORIES

Reading Passage: An Adrenaline Junkie's Diary

Last summer, I went to Fethiye for an adventure holiday. It was more fascinating than I expected. First, I tried paragliding from Babadağ. I would rather fly in the sky than swim in the sea because the view was incredible. Then, I joined a rafting tour on the Dalaman River. It was more challenging than paragliding because the water was very fast. I wore a helmet and a life jacket for safety. I prefer taking risks to being safe because I love adrenaline!
