IV. Read the poster below! Answer the questions based on the poster!

PROTECTING OUR PLANET STARTS WITH YOU

**BIKE MORE
DRIVE LESS**

When you further your own education, you can help others understand the importance and value of our natural resources.

**reduce
REUSE
recycle**

Cut down on what you throw away. Follow the three "R's" to conserve natural resources and landfill space.

choose sustainable

seafood

Learn how to make smart seafood choices at www.FishWatch.gov.

Trees provide food and oxygen. They help save energy, clean the air, and help combat climate change.

PLANT A TREE

EDUCATE

When you further your own education, you can help others understand the importance and value of our natural resources.

Volunteer!

Volunteer for cleanups in your community. You can get involved in protecting your watershed too!

CONSERVE WATER

The less water you use, the less runoff and wastewater that eventually end up in the ocean.

**-SHOP-
WISELY**

Buy less plastic and bring a reusable shopping bag.

Don't send chemicals into our waterways.

Choose nontoxic chemicals in the home and office.

Long-lasting light bulbs - ARE A BRIGHT IDEA

Energy efficient light bulbs reduce greenhouse gas emissions. Also flip the light switch off when you leave the room!

oceanservice.noaa.gov
