Homework

In 1953, the explorer Edmund Hillary travelled to the Himalayan Mountains with two climbing teams. He was on an expedition to climb the tallest mountain in the world – Mount Everest. The mountain was very dangerous. There was snow and ice, and it was very cold. There were two teams for the climb to the top. The first team tried, but they didn't get there.

Edmund Hillary and his guide Tenzing Norgay were the second team. They started to climb the mountain. Their backpacks were heavy – 14 kg! They had a tent, food and a camera with them. On 29th May, Edmund Hillary and Tenzing Norgay arrived at the top of Mount Everest. Edmund got there first. Edmund took photos of Tenzing and the tall mountain, but he didn't want Tenzing to take a photo of him. So there isn't a photo of Edmund Hillary on the top of the world!

Read the text **Answer the questions.**

1 When did this expedition happen? 1953

2 What was the name of the mountain? _____

3 How many teams were there? _____

4 How heavy were the backpacks? _____

5 Who arrived at the top first? _____

6 Why isn't there a photo of Edmund at the top? _____
