Afaq Private School

Fifth grade

Unit 11

Ms. Alice yusuf

1.Read and do the task below.

What is the environment? By this question, our biology teacher started the lesson.

The natural environment consists mainly of air, water, and plants. It includes everything we see around us like trees, plants, flowers, animals and birds. The environment provides us with the air we breathe, the water we drink, and the food we eat. We are a part of it, so we must keep it clean. We must put the rubbish in the bins not on the ground. We must plant trees and water them. We mustn't cut the trees down to keep our wonderful nature safe.

Choose

1 The environment consists of ..... we see around us.

a. everyone b everything c everywhere

2 The environment provides us with the air that we ..... .

a. eat b drink c breathe

3 We must keep water..... .

a. clean b dirty c hot

4 The word "wonderful" means:..... .

a. great b bad c ugly

Write (T) or (F) :

1.The environment consists only of water. **(T) (F)**

2.We must throw rubbish on the ground. **(T) (F)**

3.We are a part of this environment. **(T) (F)**

2.Read then do the tasks below.

All living things need water and air to live. Water plays an important role in our life. Water is necessary for drinking, cooking, washing and growing food. Most fresh water is in the form of ice. Plants need water to live. Rain is the main source of fresh water. Air is everywhere. We can't

LIVEWORKSHEETS

see it, but we can feel it. Oxygen in the air is important for breathing. All creatures need air and water to live.

Choose the correct answer.
