Exercise 5: Read the passage and decide whether the sentences are True (T) or Falese (F).

Television is an important invention of the 20th century. It is so popular that we can't imagine what life would be like without television. Television is a main means of communication and entertainment. It brings pictures and sound from around the world into millions of homes. Through television, viewers can see and learn about people, places and things in distant lands. Television gives us knowledge by introducing new ideas. Beside from news, television gives us a lot of interesting programs. Most people now like spending their evenings watching television than going out with friends.

1. Television is the main means of communication.
2. There are only several programmes on TV.
3. Most people don't like watching TV in the evening.
4. Television doesn't give us interesting programs.
5. People can learn many things through TV.

Exercise 6: Read the passage and choose the best answers to the questions.

Diego Maradona: A Football Legend

Diego Maradona was a famous football player from Argentina. He was born in 1960 and started playing football when he was a child. When he was 16 years old, he played his first match for Argentina's national

LIVEWORKSHEETS

team. In 1986, Maradona became a world champion. He helped Argentina win the FIFA World Cup in Mexico. He scored two famous goals against England. One of them was called the "Hand of God" goal. The other goal was "The Goal of the Century" because he ran past five players before scoring. After the World Cup, Maradona played for different football clubs in Europe. He played for Barcelona in Spain and Napoli in Italy. In Napoli, he won many trophies and became a hero in the city. Maradona stopped playing football in 1997. After that, he worked as a coach for different teams. He passed away in 2020, but football fans still remember him as one of the greatest players in history.

1. *What is the main idea of the text?*
