My Trip

Last year, I went on a trip with my family. It was a round trip. We travelled by plane and arrived near an island. I have travelled by plane before, but I have never visited an island. The beach was beautiful, but the water was too cold, so we didn't swim. Near the beach, there was a forest and a small hill. We climbed the hill and saw a river. Later, I tried an adventure activity. I went scuba diving near a reef. The water was warm enough, so I enjoyed it. At the end of the trip, my dad took a one-way trip for work, but my mom and I returned home.
