 A. civil rights B. equation C. biographical details D. pick-pocket

III. Fill in the blanks with the correct words/phrases in the box. Use each word only ONCE. Some words may not be used.

<u>mathematician</u>	movement	composer	orchestra	astronomy
biographical details	dramatist	carry off	hologram	composition

Although many people admire artists and scientists for different reasons, history shows that creativity and intelligence often go hand in hand.

Leonardo da Vinci, for example, was not only a painter but also a talented (0) **mathematician**, who used numbers and logic to understand the world. In music, a great (1) _____ is not only about writing notes; each (2) _____ must express emotion and meaning. These works are usually performed by a full (3) _____, creating a powerful experience for audiences.

In literature, a famous (4) _____ can influence society by raising important social issues. Some artists and writers even supported the civil rights (5) _____, using their work to fight injustice. Today, museums sometimes use modern technology such as a(n) (6) _____ to help visitors learn more about history, including key (7) _____ of important figures.

IV. Read the text and answer the questions. Choose the correct answer A, B or C.

Pioneers and the Impact of Their Ideas

Throughout history, many pioneers have changed the way people think through their work in art, science, and social change. A composer may spend years creating a single composition, which is then performed by an orchestra and remembered long after their lifetime. In a similar way, a sculptor or dramatist often expresses powerful ideas about society, while a mathematician can influence the world through a single important equation.

Some pioneers were also deeply involved in social issues. During the civil rights movement, many people chose to boycott unfair systems, even though this sometimes caused serious hardship. In extreme cases, families were left to starve because they refused to accept injustice. Others worked in medicine,

helping to treat an illness by applying scientific knowledge, including ideas developed through astronomy and other branches of science.

Today, pioneers' lives are shared in new ways. Their biographical details can be presented using modern technology such as a hologram, allowing audiences to feel closer to history. However, life was not always safe or fair for these people. Some pioneers were followed by pick-pockets while travelling, and in other cases their achievements were carried off by others who took credit for their work. Despite these difficulties, the influence of these pioneers continues to shape the modern world.

Questions

0. What is the main purpose of the text?
 - A. To explain modern technology in entertainment.
 - ☒ B. To describe how pioneers influenced society despite difficulties.
 - C. To focus on crime in historical cities.
1. What does the text suggest about the work of composers and orchestras?
 - A. Their work is usually forgotten quickly.
 - B. They mainly work for financial success.
 - C. Their work can have a lasting influence.
2. Why did some people choose to boycott unfair systems?
 - A. They wanted to fight injustice, even at great personal cost.
 - B. They wanted to become famous.
 - C. They hoped to avoid scientific research.
3. How are pioneers' lives presented to people today?
 - A. Only through written reports.
 - B. By hiding their personal histories.
 - C. Through modern methods such as holograms.
4. What danger did some pioneers face while travelling?
 - A. They were ignored by the public.
 - B. They were followed by pick-pockets.
 - C. They lost interest in their work.
5. What can be inferred about pioneers from the text?
 - A. They avoided social responsibility.
 - B. They had easy and comfortable lives.
 - C. They faced difficulties but still made a lasting impact.

V. Put the words/phrases in the correct order to make complete sentences.

0. rang. / was cooking, / While / the phone / I

→ **While I was cooking, the phone rang.**

1. went out. / discussing / were / the issue / when / the lights / They

→ _____

2. fell asleep / while / reviewing documents / she was / late at night. / She

→ _____
