Parts of the flower

Flowers are _____ look and see
They have special parts like you and me
There is a_____, standing tall and proud
It makes _____that flies all around

Buzz, buzz here comes a _____
Helping flowers so happily
_____, spreading love
Bringing pollen from above

The _____is the boy part, let it shine
With anther and filament, working just fine
The _____is the girl part don´t you know?
_____, style and _____ help seeds grow

The _____is the boy part, let it shine
With anther and filament, working just fine
The _____is the girl part don´t you know?
_____, style and _____ help seeds grow

The stigma is sticky, it catches the gold
Pollen _____and the magic unfolds
It slides down the style, like a slippery slide
To the _____, where seeds can hide

Now you know the parts that help the flowers bloom
Reproduction in the garden make room
Let´s thank the flowers for what they do
Growing seed for me and you

The _____is the boy part, let it shine
With anther and filament, working just fine
The _____is the girl part don´t you know?
_____, style and _____ help seeds grow
