First, get some nice, thick cardstock paper and fold it in half.

If you decide to use markers to draw your image, be careful not to let them bleed through the paper.

There are many thoughtful ways to celebrate Valentine's Day without spending money.

Creating a card is easy if you have the proper materials.

Perhaps the best way is to create a homemade card.

Draw some imagery of love, such as a heart, on the front of the paper.

If you aren't good at drawing, you can clip out pictures.

The final step is to write a poem or sentence on the inside of your card.

Now, isn't that a much better and less expensive gift than a box of candy?
