Hi! My name is Sharifah Izzati, and I am 13 years old. I live in Malacca, Malaysia, and I enjoy learning new things **because** I believe every experience helps me grow. I really like drawing **because** it allows me to express my feelings **and** creativity, so I often spend my free time sketching. **However**, I hate speaking in public because I am shy, **so** I feel nervous during presentations. In my family, I have one brother **and** one sister named John **and** Suzy. We sometimes argue **because** we have different opinions. I also have a best friend named Julie who supports me, **so** I feel grateful. **Overall**, I am learning to be more confident each day.
